

REQUEST FOR QUALIFICATIONS

Research Triangle Park

Future Development Scenarios & Infrastructure Capacity Study

August 1, 2025

Announcement of Intent to Award

The Research Triangle Foundation is pleased to announce our intention to select the team of **Freese and Nichols and VHB Engineering NC, P.C.**, for this infrastructure capacity study. This decision follows a thorough and competitive evaluation process, during which all submissions were carefully reviewed based on established criteria to ensure a fair and objective assessment. We extend our sincere thanks to all the firms that took the time and effort to submit their qualifications. Your interest and participation are greatly appreciated.

Any questions concerning this selection should be directed to Travis Crayton, Vice President of Planning & Public Policy, at crayton@rtp.org.
